Treasury Department

April 6th 1865

Sir

Your letters of the 5th ult. enclosing receipts for alloys sent Louisville, and the enclosed request from Detroit are received

It will be well to avoid delays to send the inspectors at the latter places about 10th of each month within the limits mentioned, which are supposed are most usually required, and await a further & more specific request.

Very respectfully

Your obedt

James Watson

Secretary of the Treasury
